Paris, June 8th 2018,

Over 300 people attended the opening of the exhibition: INTERSECTION

from June 8th to 10th 2018

Espace Communes - 17 rue Communes - 75003 Paris

[ART-TROPE](http://www.art-trope.com), New Generation of Artists Agency, opened its exhibition "INTERSECTION» on Thursday June 7th 2018 with over 300 attendees.

Artists, collectors, Art and creative Art professionals Artistes, discovered the 10 selected Art-Trope Artists.

The exhibition "INTERSECTION" proposes to revive the connections between Colors and B&W (Black and White). Like ancient Greeks, the idea is to see colors as a continuous line in which B&W are both ends. As a result, colors and B&W embody two languages that the presented Artists use to express their own artistic sensitivity.

From painting to photography and sculpture the Artworks echo one another to tell together "adventures in colors" like Photographer Rémy Donnadiou used to say. ART-TROPE invites its Artists to present their pictorial language to unveil the INTERSECTION between colors and B&W. Through the interplay of artistic correspondences, the exhibition opens new perspectives on the contact point between different ways of expression that finally nothing opposes.

The exhibition continues on June 8th and 10th from 10am to 7pm and on June 10th from 10am to 4pm.
